Master of Business Administration

The University of Wisconsin-Green Bay's executive Impact MBA program in the Cofrin School of Business is designed for leaders who recognize the rapid changes facing businesses today and who seek to prepare themselves and their organizations for success in this era of disruption. Program coursework is anything but traditional, forgoing the repeat of the undergraduate topics covered in traditional MBA programs for an array of forward-looking courses designed to prepare leaders to navigate the organizational changes needed to capitalize on the technological advances changing the way business operates. To promote a rich diversity of professional backgrounds, entry into the Impact MBA intentionally forwent the standard requirement of a traditional business undergraduate degree. Rather, an initial assessment by our faculty determines pre-requisite disciplinary gaps, with learners upskilled in these basics through a short, no-cost online boot camp offered prior to the start of formal program.

The Impact MBA accommodates the busy lives of today's leaders who balance a full slate of professional and personal commitments, with curricula delivered over six, ten-week sessions, with two courses completed in each session. Each session contains four in-person Saturday meetings focused on high engagement experiences complimented by six interspersed weeks of online learning. To build strong and lasting relationships among students and faculty the Impact MBA adopts small group of learners each session. In this way, the program allows both the flexibility needed by today's professionals, and the high engagement and peer-to-peer interactions that remain a critical component of all successful MBA programs. Sessions are spread across the academic calendar, allowing learners to capitalize on our Wisconsin summer. The entire 36-credit Impact MBA program is completed in less than two years.
